Petition of the Wisconsin Department of Transportation for a Determination of the Adequacy of Warning Devices at Three Public Crossings of the Wisconsin Central Ltd. Tracks with Irish Road and Breed Street in the City of Chilton, and CTH 'E' in the Town of Chilton, Calumet County

9164-RX-535

SUPPLEMENTAL ORDER

On December 9, 2003, the Office of the Commissioner of Railroads (OCR) issued an order that required the installation of cantilevered automatic flashing lights and gates at the public crossing of the Wisconsin Central Ltd. (WCL) tracks with Irish Road in the City of Chilton, Calumet County by May 1, 2004 (Crossing No. 386 788Y).

On May 27, 2004, the Wisconsin Central Ltd. notified the OCR that the automatic flashing lights would not be installed in time for the detour of traffic over the Irish Road crossing as part of the STH 32/57 highway project. The WCL requested that the OCR issue an order requiring all trains to 'stop and flag' any train movements over the crossing until the signals are installed. The Commissioner agrees. The Commissioner also adds a requirement that the DOT remove the stop signs at the Irish Road crossing before the detour begins. This requirement was not explicitly stated in the December 9, 2003 order.

THEREFORE, IT IS ORDERED,

1. That the **Wisconsin Central Ltd.** shall stop and flag all train movements over the Irish Road crossing until such time as the automatic flashing lights required by the Order dated December 9, 2003 are installed and activated in the City of Chilton, Calumet County (Crossing No. 386 788Y).

2. That the **Wisconsin Department of Transportation** shall remove the stop signs at the Irish Road crossing before the STH 32/57 detour begins in the City of Chilton, Calumet County (Crossing No. 386 788Y).

Dated at Madison, Wisconsin, \_\_\_\_\_.

By the Office of the Commissioner of Railroads.
